## Comments/Suggestions regarding the AV Manual

- i) PPT template can be made more attractive.
- ii) More graphics and animated content can be added
- iii) Videos can be reproduced as an interactive video with learner's interaction with the use of specific software tools
- iv) Some background noises are there
- v) Background Screen should be standardized
- vi) Problem in editing, it would be better to make a new edited video
- vii) Problem in sound
- viii) Overall production quality needs to be improved
- ix) 'Essential Information' may be provided to the learners
- x) Slides are not attractive, its monotonous
- xi) Voice is low in some part
- xii) Animation may be included
- xiii) Scope for improve the presentation
- xiv) Need to modify the options for better audit
- xv) Duration may be reduced to 15 mins
- xvi) Content developer may consider to include more animation and graphics
